

Letter From The Bargaining Team

Brothers and Sisters,

The history of our great union spans across many decades. Over the past eighty years we have fought and won many battles. Today we are in the most important battle of our lives. We have only one enemy in this battle and that is AT&T. To win this battle we will have to unify our membership like never before.

Your bargaining team and District 3 leadership are unified as one in this battle against the multi-billion dollar corporation that calls itself AT&T. We need you to continue to unify your membership every day. Encourage the members to send a strong message to the company, let them know that we are willing to do whatever it takes to secure a fair and just contract.

While we continue to work and bargain without a contract in uncertain times you can be certain of some things. CWA District 3 is standing strong in this fight, your bargaining team will not stop until a fair and just agreement is reached, and if this agreement is not reached we will stand strong in unity while we are on strike.

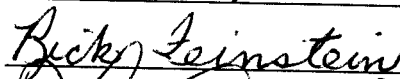

In Unity

CWA District 3 Bargaining Team
